2nd May - Taster Day
9th May - Mother's Day Stall
28th May - First Aid Training
10th June - King's Birthday
11th June - Curriculum Day

Curriculum

Students have settled into our new Maths program 'Prime' really well. They are engaged and are enjoying the new way of learning Numeracy through Prime.

In Literacy, students will have the opportunity to research a country that is participating in the Olympics. They will be completing their student led conferences that they will present at parent teacher interviews. Students are looking at natural disasters and will be focusing on the four different types of sentences.

Students will have the opportunity to participate in a Taster day which is their first experience of what secondary school will be like. There are also numerous other incursions and excursions that they will take part in this Term.

In Inquiry this Term, students will look at how to sustain the environment, the society and the economy.

We encourage the students to continually practise their times tables for homework every week.

Parent Information

Welcome back to Term 2. The children have settled in well after the break. They are becoming more confident and independent each day. Please encourage this behaviour as it will form a solid basis for moving onto secondary school next year.

Year 7 transition documentation has been distributed. The children have been sent home a parent/carer information pack. Please read this carefully. The application form is due by Friday 10th May. Any questions, please see your child's teacher.

Reminders

- Make sure clothing items are labelled
- Complete all notes on Xuno
- Inform Xuno if your child is going to be absent
- Classrooms are open from 8:50am. Students are encouraged to come in early
- Children must bring their iPads fully charged to school everyday
- Mobile phones must be handed to their classroom teacher at the start of each day
- Make sure your child uses their diary as an organisational tool
